Dear Maciej

Congratulations on your successful participation in an advanced seminar program in physics sponsored by Northern Illinois University and held in Lisle, Illinois USA from June 12-23, 2017. Based on the recommendations of your lecturers, out of the available ratings of Outstanding, Excellent, Commendable and Fail, I am pleased to tell you that the level of your contribution to our program was:

Accelerator Power Electronics Engineering

Excellent

Pulsed Power Engineering

Outstanding

The session you participated in is associated with a larger program of advanced seminars offered each year by universities in association with the U.S. Particle Accelerator School. The USPAS is sponsored by the U.S. Department of Energy, the National Science Foundation and a collaboration of national laboratories and universities across the U.S.

I wish you continued success,

Dr. William Barletta, Director
US Particle Accelerator School
